

# COOPERATIVE PURCHASING

[www.energyctrl.com](http://www.energyctrl.com)

COOPERATIVE CONTRACT AWARDS

Publicly funded educational and government entities can procure services through approved vendors without the necessity of developing and managing a bid process. The Cooperative has already done the groundwork for you and established special rates for volume pricing. This assures you, you are working with vetted professionals who are capable and experienced to deliver value-add solutions at a guaranteed price.

## THE COOPERATIVE EDUCATIONAL SERVICES (CES)

Energy Control Inc (ECI) can provide design/build services for energy solutions, general contracting, HVAC, surveillance/access systems, and special systems (alarms, intercom, clocks, lighting, IT) to New Mexico entities through CES. [www.ces.org](http://www.ces.org)

## THE COOPERATIVE PURCHASING NETWORK (TCPN)

ECI can offer design/build facility integration technology and value-add energy solutions through TCPN within the continental United States. This includes ECI affiliate Bluestone Energy Services as the OpTerra Energy Group. Bluestone specializes in data center efficiency and energy incentive programs. [www.tcpn.org](http://www.tcpn.org)

## HIGH PLAINS REGIONAL EDUCATION COOPERATIVE (HPREC)

ECI can offer energy-efficient HVAC and special systems solutions to New Mexico's publicly-funded entities under new HPREC contract awards. ECI is excited about this new opportunity. Even more so with the knowledge that projects help fund the HPREC Special Education Program. [www.hprec.com](http://www.hprec.com)

## DELIVERABLES

ECI brings integrated building automation and smart energy-efficient equipment together to enhance building operations. ECI's skilled professional staff can offer highly specialized experience in the pursuit of efficiency. ECI is an Energy Service Company (ESCO) that has been designated as a "Qualified Provider" by the Energy, Minerals and Natural Resources Department and can offer modification, control and management of building automation systems to provide energy savings. ECI offers solutions and services to public-sector entities with a best solution, best price objective.
