INTEGRATED ACCESS, SURVEILLANCE & ALARM SYSTEMS

Solutions from an award-winning expert

Investment in the safety and security of facility property has the potential to provide a great return on investment and in many instances, large savings in insurance premiums, property damage claims, and improved operation.

BUILDING SYSTEMS

- *Access Control*
- *Surveillance Systems*
- *Fire Alarm*
- *Burglar Alarm*
- *Information Technology & Networks*
- *Special Systems Integration*

Design-Build Solutions

ECI specializes in design and implementation of security solutions for digital video surveillance and electronic access control. These technologies can assist customers in preventing liability, minimizing vandalism and enhancing the safety of students and employees. ECI's approach considers cost efficiency, data protection, and workable, proven technologies including wireless tablets, remote video feed, and analytics such as loitering or large group formation alerts.

KEY BUILDING SOLUTIONS

- **Web-based Video Surveillance;** *Ethernet or Internet controlled cameras or special systems*
- **Keyless Access Control;** *Proximity cards, key fobs, touch-pads, electronic transmission, biometric palm finger or retinal readers, facial recognition, etc.*
- **Audio/Electronic Notification;** *Send audio notice to intruders to leave the premises – send emails or phone calls to security personnel identifying a breach*
- **Digital Video Recording;** *Offers large data storage capabilities with easy accessibility*
- **Remote Operation;** *Access and operate cameras at onsite computers or from remote terminals*
- **Expanded Analytics;** *ECI offers analytic technology such as directional motion and people counting*
- **Internet Protocol (IP) Products;** *offering network communications and data security within all special systems*
- **Fire & Burglar Alarm Systems;** *ECI provides design-build fire & burglar alarm systems*
- **After-hours Security;** *With motion detection, night vision cameras, triggered lock-downs and electronic notification*

TECHNOLOGY SOLUTIONS

- LEED Design/Build Services
- Turnkey Systems Integration
- Various Vendor Product Lines

BENEFITS

- Integrated Building Automation
- Reduced Liability & Safety Concerns
- Customized System Design
