ALBUQUERQUE ACADEMY

Albuquerque Academy

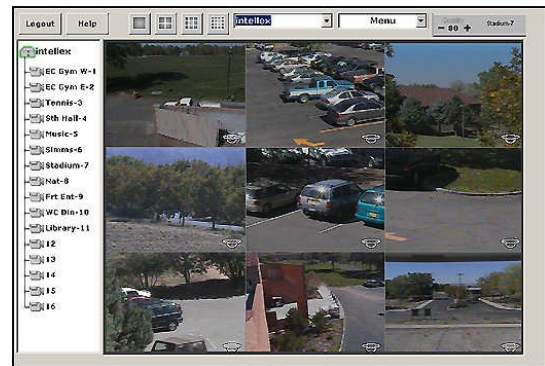

Albuquerque Academy and ECI have a long working relationship. ECI has assisted the school with efficient use of energy. The school has renovated its' HVAC controls, lighting & campus security, which has provided cost savings and reduced vandalism.

- \$6,793,731 in Capital Improvements
- Self-funded by Guaranteed Savings

The Academy is receiving savings beyond the guarantee and has used these funds for financing special projects.

Albuquerque Academy was the first of its' kind integration project in New Mexico. Academy's efforts in energy efficient operation and system integration have brought the school multiple awards.

web-based surveillance

ECI is able to notify intruders they are being watched while monitoring the site from across town.

—◆ ALBUQUERQUE JOURNAL ◆—

Space temperatures can be set by the click of a button on a keyboard. Classrooms have individual control and special events can now be controlled without heating or cooling an entire building.

- Real-time Internet based Security
- Web-based dashboard Control
- Access Control and Monitoring
- Fire Alarm System Replacement

- Performance Contract for HVAC & DDC Renovations
- Hot Water & Chill Water Piping Upgrade
- Lighting Retrofits
- Reduced Staff activities for Security & Maintenance
